Subject: Comments on the proposed United States v. Microsoft Settlement

After reading the proposed settlement, I am strongly in favor of this settlement. It is fair, rights the wrongs done, and prevents future occurrences. This settlement will help end this case, which has gone on long enough to detriment of the consumers. Quickly accepting this settlement will benefit consumers with a more open market with greater innovation and greater competition. And that is the purpose of this entire case, is it not?

Sincerely,
Jack Richins
